## PUBLIC MAN HAS PASSED

General Russell A. Alger, U. S. Senator from Michigan, and Ex-Secretary of War, is Dead

Washington, Jan. 25.—United States Senator R. A. Alger, of Michigan, died suddenly at his home in this city yesterday. Half an hour before his death Senator Alger was chatting with Mrs. Alger with no premonition that death was near. He has been complaining of not feeling well for several days, but not enough to become alarmed. He was in the senate chamber Tuesday listening to the debate on the Brownsville incident and Wednesday kept in doors, although he did not feel ill enough to take his bed. Yesterday morning he was up as usual before the end came, the death hand coming to him almost like a flash.

The senate adjourned as a mark of respect upon the receipt of the news of the death of Senator Alger. Gen. Russell Alexander Alger was secretary of war under President McKinley, and achieved great prominence throughout the United States since 1865. General Alger was born in Lafayette, Ohio, in 1836. He worked on a farm for years, earning money to defray his educational expenses. He was admitted to the bar in 1858, but was forced by ill health to give up practice. When the Civil War broke out he entered the Union army as captain and rose to brevet general of volunteers. After the war General Alger entered the lumber business, in which he acquired a large fortune. He was governor of Michigan in 1885-87, was a candidate for the republican presidential nomination in 1888, and was commander-in-chief of the Grand Army in 1889-90.

General Alger became secretary of war March, 1891, when President McKinley was first inaugurated. He later became a member of the United States Senate from Michigan, and his term would have expired on March 4th. Senator Alger was largely interested in the timber business in West Florida.

**DR. D. M. BONEY**

(Florida Fruit and Truck Grower.)

The especial attention of our readers is called to the advertisement of Dr. D. M. Boney, the eye specialist, which appears in this issue.

Dr. Boney is not only a graduate of three of the leading institutions in this country, but has made a most careful study of the eye and is still a student, keeping thoroughly in touch with all modern progress and development of this most important member of the human body.

Dr. Boney is well and favorably known in Ocala, where he has lived for many years, and his reputation is best where he is known best. He has always had this motto: "Satisfaction guaranteed or money refunded," and the highest testimonial to his skill and fair treatment is that in no case has a patient asked for money back. Satisfied customers are the best of references and these Dr. Boney has by the hundreds.

Dr. Boney has always made a specialty and an earnest and invariably successful treatment of cases where other specialists failed, and his work in Ocala has met with marked success.

The following from the Ocala Banner is of interest:

"The wonderful reparations he has made and the errors he has rectified in regard to this most important and delicately constituted member of the anatomy is attested by the leading business and professional men of the city. Dr. Boney comes of an old Southern family, his father having been, in antebellum days, one of the largest planters and slave owners of Caddo Parish, Louisiana. He is a graduate of the most distinguished schools of the profession which he practices, and is the quintessence of a Southern gentleman as regards the information he imparts and the treatment he advises pertaining to the subject on which he is an authority—the eye."

And the following from the Ocala Star:

"Dr. Boney is rapidly coming to the front in Central Florida as the best specialist in the fitting of glasses and corrector of imperfect visions who has ever offered his services to the public. Dr. Boney is getting patients and customers from far and near, and each and every one of them is entirely satisfied with his work. They return home and tell their friends, and thus his business is growing and spreading, even beyond his most sanguine hopes. Dr. Boney knows his business, is making it a life study, and it is doubtful if there is any eye specialist in the state whose office is better equipped than his. He has spared no money or pains in getting the best and most modern apparatus and appliances of his profession, and thus he is enabled to successfully handle all cases that come to him, be they ever so difficult, unless the knife of the surgeon is absolutely necessary, and in many cases where the patients themselves believe an operation necessary he can successfully remedy their trouble without an operation."

**STATESMEN RAISE THEIR SALARIES**

The House bill to raise the salaries of the vice-president, cabinet officers and members of Congress has passed the Senate. Both Florida senators voted against it.

**THE GRIP**

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the proper use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has even been reported to have resulted in pneumonia or that has not recovered. For sale by all druggists.

## O'HARA AGAIN ACQUITTED

It Took the Jury Only Fifteen Minutes to Return a Verdict of Not Guilty

(Metropolis, 24th.)

After making a vigorous legal battle to convict F. J. O'Hara of peonage, the government has again failed. The jury today considered the case for only fifteen minutes, when a verdict was returned finding the defendant not guilty.

This is the second trial of Mr. O'Hara the first one being on a similar charge, and he was acquitted, the jury being out about twenty minutes. The specific allegation against the defendant in the last case was that of holding in a condition of peonage one Morris Karren. The trial has been in progress since the 2nd inst., and a large number of witnesses were examined on both sides. Most of the witnesses for the government were Russian Hebrews and Germans sent to the firm of Hodges & O'Hara from New York by an employment agency to work in the sawmill and turpentine farms at Maytown and Buffalo Bluff, near Palatka. After remaining a few days at these places it is claimed the men ran away and were returned to work out their transportation, this it is claimed, constituted the alleged peonage.

The government has fought hard to win this case. R. Pope Reese was brought here from Pensacola to assist Hon. Charles W. Russell, assistant U. S. attorney general, District Attorney J. M. Cheney, Assistant District Attorney R. P. Marks and Mrs. M. G. Quackenbush, special assistant United States district attorney of New York. The defense was ably represented by Col. W. M. Toomer, George M. Powell and S. J. Hilburn, the latter of Palatka, who were also the counsel in the first trial. They won signal victories in obtaining a verdict of acquittal for their client.

There were seven indictments returned by the grand jury against O'Hara and those associated in business with him for peonage. Two cases have been tried and it remains to be seen if the government will again prosecute the defendant on any of the other indictments.

The jury trying the case was composed of the following: H. C. Clark, J. W. Spratt, Albert Lewis, A. H. Kent, John T. Owen, Ed Moore, C. R. McNair, John Elzing, Will Stockton, J. C. Reese, E. F. Cavalier and B. K. Barry.

At 11:30 Judge Locke began his charge to the jury and they retired at 1 o'clock. At 1:15 the verdict was found.

**LONG LIVE THE KING**

is the popular cry throughout European countries; while in America, the cry of the present day is "Long Live Dr. King's New Discovery, king of all throat and lung remedies," of which Mrs. Julia Ryder Jaine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Jaine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only cure. Guaranteed by Tydings & Co., druggists. 50c and \$1. Trial bottle free.

**SHONTS HAS RESIGNED**

Loses his Chance to Send Name Down the Ages With a Rainbow Ring Around It

Washington, Jan. 25.—Chairman Shonts of the Isthmian Canal Commission has resigned. Mr. Shonts resigns to assume charge of the Ryan-Belmont rapid transit interests in New York.

It has been determined to establish the headquarters on the Isthmus and Chief Engineer Stevens undoubtedly will be in charge.

**THE JOY**

of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it as a fine medicine for dyspepsia. Sold by the Anti-Monopoly Druggists."

**D. L. MAYO**

Bartow, Jan. 25.—The sad news was circulated through the city Wednesday afternoon of the death of Mr. D. L. Mayo, one of the oldest citizens, not only in Bartow, but the entire state. His death took place Wednesday afternoon at 1 o'clock, at the home of Jas. A. Mayo, a son of the deceased. Mr. Mayo was a native of Florida, born 55 years ago in West Florida, near Pensacola. He served in the Mexican War and was a brave soldier. About 29 years ago, with his faithful wife, who died some years ago, he moved to Polk county, and has resided here ever since, engaging in business enterprises at various times.

**AN INSIDIOUS DANGER**

One of the worst features of kidney trouble is that it is an insidious danger and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Sold by all druggists.

**A SUPPLEMENT SHAKE**

Threw Down Several Houses and Alarmed the People of Kingston

Kingston, Jamaica, Jan. 25.—Two earthquake shocks, the heaviest since the destruction of Jan. 14th, were felt here at 2 o'clock yesterday afternoon. Several buildings were thrown down and there was great alarm among the people. No one was injured.
